Saint Louis University and YouGov surveyed 900 likely Missouri voters from February 14 to February 26 about current political issues and education policy in Missouri. The following pages present results for most survey questions. The margin of error for survey results for the full sample is 3.74%. Margins of error for questions asked to subsamples are listed below where available. Original data and analyses from the SLU Poll Directors are available at https://www.slu.edu/poll.

## Funding and Support

The February 2024 SLU/YouGov Poll was funded by the PRiME Center, an independent research center housed in the SLU's School of Education.

## About Saint Louis University

Founded in 1818, Saint Louis University is one of the nation's oldest and most prestigious Catholic institutions. Rooted in Jesuit values and its pioneering history as the first university west of the Mississippi River, SLU offers more than 13,500 students a rigorous, transformative education of the whole person. At the core of the University's diverse community of scholars is SLU's service-focused mission, which challenges and prepares students to make the world a better, more just place.

## Methodology and Weighting

YouGov interviewed 1135 Missouri (MO) registered voters, with the goal of screening for and surveying Missouri likely voters. The Missouri registered voters were then matched down to a sample of 1018, yielding a target subsample of 900 likely voters including 450 from each treatment group. The respondents were matched to a sampling frame on gender, age, race, education and treatment group. The sampling frame is a politically representative "modeled frame" of US adults, based upon the American Community Survey (ACS) public use microdata file, public voter file records, the 2020 Current Population Survey (CPS) Voting and Registration supplements, the 2020 National Election Pool (NEP) exit poll, and the 2020 CES surveys, including demographics and 2020 presidential vote.

The sample of all starts was matched from 1018 respondents to 900 completes, yielding a target subsample of 900 MO likely voters. The respondents were matched to a sampling frame on gender, age, race, and education. The sampling frame is a politically representative "modeled frame" of US adults, which was then subsetted to only include MO likely voters. It is based upon the American Community Survey (ACS) public use microdata file, public voter file records, the 2020 Current Population Survey (CPS) Voting and Registration supplements, the 2020 National Election

Pool (NEP) exit poll, and the 2020 CES surveys, including demographics and 2020 presidential vote.

The matched cases were weighted to the sampling frame using propensity scores. The matched cases and the frame were combined and a logistic regression was estimated for inclusion in the frame. The propensity score function included age, gender, race/ethnicity, years of education, and 2020 presidential vote. The propensity scores were grouped into deciles of the estimated propensity score in the frame and poststratified according to these deciles.

The weights were then post-stratified on 2020 presidential vote choice as well as a four-way stratification of gender, age (4-categories), race (3-categories), and education (4-categories). The weighted dataset of registered MO voters was then subsetted on likely MO voters, and the weights were trimmed and recentered around 1, to produce the final weights for likely Missouri voters.

# Poll Questions and Page Numbers for Results

Do you approve or disapprove of the way each is doing their job...Joe Biden? . . . . . 7
Do you approve or disapprove of the way each is doing their job...The US Congress? . . . . 8
Do you approve or disapprove of the way each is doing their job...The US Supreme Court? . 9
Do you approve or disapprove of the way each is doing their job...The Missouri State Legislature? . . . . . 10
Do you approve or disapprove of the way each is doing their job...Governor Mike Parson? . 11
Do you approve or disapprove of the way each is doing their job...Senator Josh Hawley? . . 12
Do you approve or disapprove of the way each is doing their job...Senator Eric Schmitt? . . 13
If the election for Governor of the state of Missouri were being held today, who would you vote for? . . . . . 14
Which of the following Republican candidates for Governor would you be most likely to support? 15
Which of the following Republican candidates for Governor would you be most likely to support?
*Only voters who said they would support a Republican candidate in the general election.* 16
Which of the following Democratic candidates for Governor would you be most likely to support? 17
Which of the following Democratic candidates for Governor would you be most likely to support?
*Only voters who said they would support a Democratic candidate in the general election.* 18
Which of the following do you think should be the TOP priority of the Missouri state government? . . . . . 19
How would you rate the following...The Economy in the United States? . . . . . 20
How would you rate the following...The Economy in the State of Missouri? . . . . . 21
How would you rate the following...Public Schools in your community? . . . . . 22
How would you rate the following...Public Schools in the State of Missouri? . . . . . 23
How would you rate the following...Crime in your community? . . . . . 24
How would you rate the following...Race relations in your community? . . . . . 25
How would you rate the following...Your physical health in the last month? . . . . . 26
How would you rate the following...Your mental health in the last month? . . . . . 27
How would you rate the following...Roads and infrastructure in the State of Missouri? . . . . 28
Do you agree or disagree with the following statements...The United States is on the right track and headed in a good direction? . . . . . 29
Do you agree or disagree with the following statements...The State of Missouri is on the right track and headed in a good direction? . . . . . 30
Do you agree or disagree with the following statements...Property taxes should not be raised for Missouri homeowners who are 62 years old or older? . . . . . 31
Do you agree or disagree with the following statements...The U.S.-Mexican border situation is a crisis that needs to be resolved immediately? . . . . . 32
The Missouri legislature is considering legislation that would reduce taxes on groceries for all Missourians. Taxes would only be eliminated for products and food eligible for SNAP (formerly known as food stamps). Do you support the following policies...Eliminate existing state sales taxes on groceries? . . . . . 33
The Missouri legislature is considering legislation that would reduce taxes on groceries for all Missourians. Taxes would only be eliminated for products and food eligible for SNAP (formerly known as food stamps). Do you support the following policies...Eliminate existing local sales taxes on groceries? . . . . . 34

The Missouri legislature is considering legislation that would reduce taxes on groceries for all Missourians. Taxes would only be eliminated for products and food eligible for SNAP (formerly known as food stamps). Do you support the following policies...Eliminate existing local sales taxes on groceries if the state replaces lost revenue for local governments? . . . 35
Do you think the following should be legal in the state of Missouri for those who are 21 years old or older...betting on professional sports? . . . 36
Do you think the following should be legal in the state of Missouri for those who are 21 years old or older...betting on collegiate sports? . . . 37
Do you think the following should be legal in the state of Missouri for those who are 21 years old or older...video lottery gaming machines in convenience stores? . . . 38
Do you think the following should be legal in the state of Missouri for those who are 21 years old or older...video lottery gaming machines in bars, truck stops, fraternal organizations, and veterans' organizations? . . . 39
In an upcoming election, Missouri voters may be asked to amend the state constitution to address the issue of abortion. The bolded text below is language proposed to appear on the ballot.
*Respondents saw Ballot Proposition Language 2024-86*
Would you support the above ballot proposition? . . . 40
Do you favor or oppose the following in the state of Missouri...Death penalty sentences in cases of first-degree murder? . . . 41
Do you favor or oppose the following in the state of Missouri...When a jury cannot unanimously agree to sentence the death penalty, the judge decides whether to sentence the death penalty or life in prison without parole? . . . 42
Do you favor or oppose the following in the state of Missouri...The Governor being allowed to change death penalty sentences to life in prison without parole? . . . 43
Local school districts receive local, state, and federal funding. State funding in Missouri is primarily determined by a funding formula. Do you agree or disagree that this funding formula should do the following...Base school district funding on enrollment more than attendance? . . . 44
Local school districts receive local, state, and federal funding. State funding in Missouri is primarily determined by a funding formula. Do you agree or disagree that this funding formula should do the following...Base school district funding on attendance more than enrollment? . . . 45
Local school districts receive local, state, and federal funding. State funding in Missouri is primarily determined by a funding formula. Do you agree or disagree that this funding formula should do the following...Base school district funding on enrollment more than attendance?
*Combines responses of previous two listed questions: EDU007a and EDU007b* . . . 46
Local school districts receive local, state, and federal funding. State funding in Missouri is primarily determined by a funding formula. Do you agree or disagree that this funding formula should do the following...Provide more funds for each student who receives free and reduced-priced lunch? . . . 47
Local school districts receive local, state, and federal funding. State funding in Missouri is primarily determined by a funding formula. Do you agree or disagree that this funding formula should do the following...Provide more funds for each student with special education needs? . . . 48

Local school districts receive local, state, and federal funding. State funding in Missouri is primarily determined by a funding formula. Do you agree or disagree that this funding formula should do the following...Provide more funds for each student who is learning English as a non-native language? . . . . . 49
The state of Missouri's school funding formula is partly determined by how much funding the state expects school districts to receive from local revenue (such as property taxes). To make this estimate, the current formula uses 2004 property values. Should the school funding formula use 2004 property values or more recent property values (such as those within the last 5 years) when making these estimates? . . . . . 50
Do you support or oppose the following policies...Allow students to enroll in public schools outside of the school district where they live? . . . . . 51
Do you support or oppose the following policies...Allow students to enroll in public schools, excluding charter schools, outside of the school district where they live? . . . . . 52
Do you support or oppose the following policies...Allow students enrolled in a district's schools to remain in that district's schools for the complete school year, even if they move out of the district during the school year? . . . . . 53
Do you support or oppose the following policies...Allow students enrolled in a district's schools to remain in that district's schools until they graduate high school, even if they move out of the district? . . . . . 54
If Missouri allows students to enroll in public schools outside their residential school districts (that is, the district where they live), indicate whether you support or oppose the following...School districts may limit the number of students who transfer out of their district? . . . . . 55
If Missouri allows students to enroll in public schools outside their residential school districts (that is, the district where they live), indicate whether you support or oppose the following...School districts may opt out of having students transfer into their districts? 56
If Missouri allows students to enroll in public schools outside their residential school districts (that is, the district where they live), indicate whether you support or oppose the following...School districts must accept transferring in students who have special education needs? . . . . . 57
If Missouri allows students to enroll in public schools outside their resident school districts (that is, the district where they live), indicate whether you support or oppose the following...School districts must accept transferring in students who have special education needs only if the receiving school district determines it can provide appropriate special educational services? . . . . . 58
If Missouri allows students to enroll in public schools outside of their resident school districts (that is, the district where they live), how should local tax revenue designated for a student's education be allocated for students who attend school outside of the district where they live? . . . . . 59
If Missouri allows students to enroll in public schools outside of their resident school districts (that is, the district where they live), indicate whether you support or oppose the following...Transferring students or their guardians should be responsible for transportation to and from nonresident districts? . . . . . 61

If Missouri allows students to enroll in public schools outside of their resident school districts (that is, the district where they live), indicate whether you support or oppose the following...The State of Missouri should reimburse the receiving school district for the transportation costs of nonresident students who qualify for free or reduced-price school lunch or special education services? . . . . . 62
Some states have tax-funded "Education Savings Accounts" that students can use to pay for tuition at K-12 private schools and other education expenses, such as tutoring, online education programs, or textbooks...In Missouri, tax-funded Education Savings Accounts should be made available to (Choose all apply): All Students . . . . . 63
Some states have tax-funded "Education Savings Accounts" that students can use to pay for tuition at K-12 private schools and other education expenses, such as tutoring, online education programs, or textbooks...In Missouri, tax-funded Education Savings Accounts should be made available to (Choose all apply): Students with special education needs . . . . . 64
Some states have tax-funded "Education Savings Accounts" that students can use to pay for tuition at K-12 private schools and other education expenses, such as tutoring, online education programs, or textbooks...In Missouri, tax-funded Education Savings Accounts should be made available to (Choose all apply): Students in households that earn up to $75,000 (250% of the federal poverty level) . . . . . 65
Some states have tax-funded "Education Savings Accounts" that students can use to pay for tuition at K-12 private schools and other education expenses, such as tutoring, online education programs, or textbooks...In Missouri, tax-funded Education Savings Accounts should be made available to (Choose all apply): No one. . . . . 66
Citizens in most states reset their clocks twice a year to change between Standard Time and Daylight Savings Time. In Missouri, would you prefer to see... . . . . 67
